FormFactor to Present at Pacific Crest 2005 Technology Forum

Livermore, CA — August 1, 2005 — FormFactor, Inc. (Nasdaq: FORM) management will present at the Pacific Crest 2005 Technology Forum on August 8, 2005, at 10:00 a.m. Mountain Time. The public is invited to listen to a live webcast of FormFactor's presentation on the Investors' section of the Company's website at www.formfactor.com. A replay of the webcast will also be available approximately two hours following the conclusion of the presentation at www.formfactor.com.

About FormFactor

FormFactor, Inc. (Nasdaq: FORM) is an industry leader in the design, development, manufacture, sale and support of precision, high-performance advanced semiconductor wafer probe cards. The company's products are based on its proprietary technologies, including its MicroSpring® interconnect technology and design processes, which enable FormFactor to produce wafer probe cards for test applications that require reliability, speed, precision and signal integrity. FormFactor is headquartered in Livermore, California. For more information, visit the company's web site at www.formfactor.com.
