## **FormFactor Features Advanced Copper Pillar Probing Solutions for SoC Devices at SEMICON West**

LIVERMORE, CA -- (Marketwired) -- 07/08/13 -- At SEMICON West this week [FormFactor Inc.](#) (NASDAQ: FORM) will stage a strong presence through executive participation in key forums and sponsorship of select industry initiatives. At each venue, FormFactor will feature its advanced copper pillar probing solutions -- now deployed in volume production by leading semiconductor customers to test 28nm System-on-Chip products.

The anchor event of the week is [Test Vision 2020](#) -- a premier two-day program happening on Wednesday and Thursday at the Marriott Marquis Hotel. Co-sponsored by FormFactor, the venue gathers executives, technologists and researchers throughout the Automated Test Equipment (ATE) ecosystem for discussions on IC wafer test trends and novel new technologies. FormFactor technologists will be present to showcase the company's test solutions.

Also on Wednesday, FormFactor CEO Tom St. Dennis will participate in the Fifth Annual CEO Investor Summit at the W Hotel.

Finally, continuing its tradition of supporting relevant new industry initiatives, FormFactor is a sponsor of the inaugural 3DInCites Awards Breakfast taking place on July 11, 2013 at the Impress Lounge in San Francisco from 8:00 a.m. to 10:00 a.m. Presented by online media resource 3DInCites and TechSearch International, the program recognizes achievements that advance through silicon via (TSV) technologies and related processes in 2.5D and 3D IC applications. FormFactor's NanoPierce™ probe solution was nominated for an award.

Throughout the show, FormFactor executives will be on hand for meetings. To schedule a special briefing, please contact Amy Leong at [aleong@formfactor.com](mailto:aleong@formfactor.com).

SEMICON West showcases the world's best technology companies from across the micro-electronics supply chain and beyond. More information can be found at [www.semiconwest.org](http://www.semiconwest.org).

### About FormFactor:

FormFactor Inc. (NASDAQ: FORM) is a leader in advanced wafer test solutions. The company's advanced wafer probe cards enable semiconductor manufacturers to lower their overall production costs, improve yields, and bring next-generation devices to market. FormFactor's acquisition of MicroProbe creates the leading wafer test solution provider for both memory and non-memory semiconductor manufacturers. FormFactor is headquartered in Livermore, California with operations in Europe, Asia and North America. For more information, visit the company's website at [www.formfactor.com](http://www.formfactor.com).

FormFactor, MicroProbe and the FormFactor and MicroProbe logos are registered or unregistered trademarks of FormFactor Inc. All other product, trademark, company or service names mentioned herein are the property of their respective owners.

### Forward-looking Statements:

Statements in this press release that are not strictly historical in nature are forward-looking statements within the meaning of the federal securities laws, including statements regarding anticipated results, market conditions, expectations and operating plans. These forward-looking statements are based on current information and expectations that are inherently subject to change and involve a number of risks and uncertainties. Actual events or results might differ materially from those in any forward-looking statement due to various factors, including, but not limited to: risks that the company's products and technologies, including its advanced copper pillar probing solutions, do not meet customers' test roadmaps. Additional information concerning factors that could cause actual events or results to differ materially from those in any forward-looking statement is contained in the company's Form 10-K for the fiscal year ended December 29, 2012, as filed with the SEC, and subsequent SEC filings, including the company's Quarterly Reports on Forms 10-Q. Copies of the company's SEC filings are available at <http://investors.formfactor.com/edgar.cfm>. The company assumes no obligation to update the information in this press release, to revise any forward-looking statements or to update the reasons actual results could differ materially from those anticipated in forward-looking statements.
