PROXY STATEMENT FOR 2004 ANNUAL MEETING OF STOCKHOLDERS

April 22, 2004

GENERAL

These proxy materials are provided in connection with the solicitation of proxies by the Board of Directors of FormFactor, Inc., a Delaware corporation, with respect to the 2004 Annual Meeting of Stockholders to be held at our offices located at 2020 Research Drive, Livermore, California, on Thursday, May 13, 2004, at 3:00 p.m., Pacific Daylight Time, and at any adjournment or postponement of the Annual Meeting.

We are sending this Proxy Statement and the accompanying proxy to our stockholders on or about April 22, 2004. Our Annual Report for the fiscal year ended December 27, 2003 will be included in the mailing of this Proxy Statement to our stockholders.

Purpose of Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Voting and Solicitation

Record Date. Only stockholders of record of our common stock at the close of business on April 8, 2004, which is the record date, are entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the record date, we had 37,449,745 shares of FormFactor common stock outstanding and entitled to vote, which were held by 245 stockholders of record.

Voting Rights. Holders of our common stock are entitled to one vote for each share held as of the record date. All proxies will be voted in accordance with the instructions contained therein and, if no choice is specified, the proxies will be voted in favor of the nominees for director and the selection of PricewaterhouseCoopers LLP as our independent auditor, all as presented in the accompanying Notice of Annual Meeting of Stockholders and this Proxy Statement. Please note that if your shares of our common stock are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the record holder a proxy issued in your name.

Quorum. A quorum is required for our stockholders to conduct business at the Annual Meeting. The holders of a majority of the shares of our common stock entitled to vote on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Vote Required to Approve Proposals. With respect to Proposal No. 1, directors will be elected by a plurality of the votes of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Stockholders may not cumulate votes in the election of directors. Approval and adoption of Proposal No. 2 requires the affirmative vote of a majority of the shares of our common stock entitled to vote on the proposal that are present in person or represented by proxy

at the Annual Meeting. The effectiveness of any of the proposals is not conditioned upon the approval by our stockholders of any other proposal by the stockholders.

Effect of Abstentions and Broker Non-Votes. Abstentions will have no effect with regard to the election of directors, since approval of a percentage of shares present or outstanding is not required for this proposal, but will have the same effect as negative votes with regard to all other matters. Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or, in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. Brokers that are members of certain exchanges are permitted to vote their clients' proxies in their own discretion as to certain "routine" proposals, such as all of the proposals to be voted on at the Annual Meeting. If a broker votes shares that are not voted by its clients for or against a proposal, those shares are considered present and entitled to vote at the Annual Meeting, and will be counted towards determining whether or not a quorum is present. Those shares will also be taken into account in determining the outcome of all of the proposals. Although all of the proposals to be voted on at the meeting are considered "routine," where a proposal is not "routine," a broker who has received no instructions from its clients generally does not have discretion to vote its clients' unvoted shares on that proposal. When a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, the missing votes are referred to as "broker non-votes." Those shares would be considered present for purposes of determining whether a quorum is present, but would not be considered entitled to vote on the proposal and would not be taken into account in determining the outcome of the non-routine proposal.

Recommendations of our Board of Directors

Proposal No. 1. Our Board of Directors recommends a vote FOR the election of Dr. Igor Y. Khandros and Dr. William H. Davidow to our Board of Directors as Class I directors.

Proposal No. 2. Our Board of Directors recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 25, 2004.

How to Vote

Voting by Mail. By completing, dating, signing and returning the proxy accompanying this Proxy Statement in the enclosed postage-paid envelope (to which no postage need be affixed if mailed in the United States), you are authorizing the individuals named on the proxy, who are officers of FormFactor and are known as proxy holders, to vote your shares at the Annual Meeting in the manner that you indicate. We encourage you to sign and return the proxy even if you plan to attend the Annual Meeting. In this way, your shares will be voted if you are unable to attend the Annual Meeting. If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please complete, date, sign and return all proxies to ensure that all of your shares of our common stock are voted at the Annual Meeting.

Voting in Person. If you plan to attend the Annual Meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker, bank or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the Annual Meeting, you must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming the stockholder's beneficial ownership of such shares.

Revocability of Proxies

Any person signing a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to the Annual Meeting, or at the Annual Meeting prior to the commencement of voting at the Annual Meeting. A proxy may be revoked by any of the following methods:

- a written instrument delivered to us stating that the proxy is revoked;

- a subsequent proxy that is signed by the person who signed the earlier proxy and is presented at the Annual Meeting; or
- attendance at the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares of our common stock are held of record by a broker, bank or other nominee and that stockholder wishes to vote such shares at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming the stockholder's beneficial ownership of such shares.

Adjournment of Annual Meeting

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of the majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

Expenses of Soliciting Proxies; Solicitation

We will pay the entire cost for soliciting proxies to be voted at the Annual Meeting, including the preparation, assembly, printing and mailing of these proxy materials. Copies of these proxy materials will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. In these cases, we may reimburse the record holders for their reasonable expenses for forwarding proxy materials to, and obtaining authority to execute proxies from, such beneficial owners. Following the original mailing of these proxy materials, our directors, officers and employees may also solicit proxies by mail, telephone or in person. We will not pay any compensation to these individuals for their proxy solicitation efforts, but we may reimburse them for reasonable out-of-pocket expenses in connection with any solicitation. In addition, we have engaged a proxy solicitation firm, The Altman Group, Inc., to assist in the solicitation of proxies from our stockholders. We expect that the fees of the proxy solicitation firm will not exceed \$5,000, plus reasonable out-of-pocket expenses.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The first proposal is to elect two Class I directors to our Board of Directors. The Class I nominees are Dr. Igor Y. Khandros and Dr. William H. Davidow, who are current directors of FormFactor, and these nominees have been duly recommended by our Governance Committee and duly nominated by our Board of Directors, and have elected to stand for reelection. The proxy holders intend to vote all proxies received by them for Dr. Khandros and Dr. Davidow, unless otherwise instructed. Proxies may not be voted for more than two directors. Stockholders may not cumulate votes in the election of directors. In the event any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee, if any, who may be designated by our Board of Directors to fill the vacancy. As of the date of this Proxy Statement, our Board of Directors is not aware that any nominee is unable or will decline to serve as a director of our company.

Our Board of Directors recommends a vote FOR the election of Dr. Igor Y. Khandros and Dr. William H. Davidow to our Board of Directors as Class I directors.

Board of Directors

Our Board of Directors consists of six members and is divided evenly into three classes — Class I, II and III. Each director is elected for a three-year term of office, with one class of directors being elected at each annual meeting of stockholders. Each director holds office until his successor is duly elected and qualified or until his earlier death, resignation or removal. Our Board of Directors has determined that each of our

directors, other than Dr. Khandros who is the President and Chief Executive Officer of FormFactor, is independent within the meaning of the rules of the Nasdaq National Market. Accordingly, more than a majority of the members of our Board are independent.

The names, positions with FormFactor and other information regarding our directors, including the Class I nominees, are set forth in the table below.

The independent members of our Board of Directors meet regularly in executive session outside of the presence of management.

Committees of the Board of Directors

Our Board of Directors has established three standing committees: the Audit Committee, the Compensation Committee and the Governance Committee.

Audit Committee. The Audit Committee oversees our company's accounting and financial reporting processes and the audits of our financial statements, including oversight of our systems of internal controls and disclosure controls and procedures, compliance with legal and regulatory requirements, the internal audit function and the selection, compensation and evaluation of our independent auditor. The members of our Audit Committee are Messrs. Bronson, Everett and Prestridge. Mr. Bronson is the chairman of this committee. Our Board of Directors has determined that each member of the Audit Committee is independent within the meaning of the rules of the Securities and Exchange Commission and the Nasdaq National Market, and is able to read and understand fundamental financial statements as contemplated by such rules. Our Board of Directors has also determined that Mr. Bronson is the audit committee financial expert within the meaning of the rules of the Securities and Exchange Commission and is financially sophisticated within the meaning of the rules of the Nasdaq National Market. The Audit Committee met seven (7) times, including two (2) telephone conference meetings, during the fiscal year ended December 27, 2003. Our Board of Directors and the Audit Committee have adopted a charter for the Audit Committee. A copy of the charter of this committee is attached to this Proxy Statement as Appendix A.

Compensation Committee. The Compensation Committee oversees our company's compensation policies and programs, determines the compensation of our executive officers, and administers our equity and benefit plans. The members of our Compensation Committee are Messrs. Bronson and Everett and Dr. Davidow. Dr. Davidow is the chairman of this committee. Our Board of Directors has determined that each member of the Compensation Committee is independent within the meaning of the rules of the Nasdaq National Market, a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The Compensation Committee met two (2) times during the fiscal year ended December 27, 2003. Our Board of

Directors and the Compensation Committee have adopted a charter for the Compensation Committee. A copy of the charter of this committee is attached to this Proxy Statement as Appendix B.

Governance Committee. The Governance Committee oversees our company's corporate governance practices and our process for identifying, evaluating and recommending for nomination by our Board of Directors individuals for service on the Board and its committees. The members of the Governance Committee are Messrs. Campbell and Prestridge and Dr. Davidow. Mr. Campbell is the chairman of this committee. Our Board of Directors has determined that each member of the Governance Committee is independent within the meaning of the rules of the Nasdaq National Market and a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934. The Governance Committee did not meet in the fiscal year ended December 27, 2003, and was comprised of Dr. Davidow and Messrs. Everett and Prestridge for that fiscal period. Our Board of Directors and the Governance Committee have adopted a charter for the Governance Committee. A copy of the charter of this committee is attached to this Proxy Statement as Appendix C.

Director Compensation

Effective fiscal 2003, our independent directors receive annual compensation of \$12,500, compensation of \$1,000 for each Board meeting attended, and compensation of \$500 for each Board committee meeting attended. Prior to fiscal 2003, our independent directors did not receive cash compensation for their services as directors. Our directors, other than our independent directors, do not receive cash compensation for their services as directors. All of our directors, including our independent members, are reimbursed for their reasonable expenses in attending Board and Board committee meetings.

Each director is eligible to participate in our 2002 Equity Incentive Plan. Under this plan, option grants to directors who are our employees, or employees of a parent or subsidiary of ours, are made at the discretion of the Compensation Committee, and option grants to directors who are not our employees, or employees of a parent or subsidiary of ours, are automatic and non-discretionary. Each non-employee director who was a member of our Board of Directors before our initial public offering, which occurred in June 2003, and who had not received a prior option grant received an option to purchase 12,500 shares of our common stock effective upon our initial public offering. Each non-employee director who will become a member of our Board of Directors on or after our initial public offering will be granted an option to purchase 12,500 shares of our common stock as of the date that director joins the Board. Immediately after each annual meeting of our stockholders, each non-employee director will automatically be granted an additional option to purchase 12,500 shares of our common stock, as long as the non-employee director is a member of our Board on that date and has served continuously as a member of our Board for at least 12 months since the last option grant to that non-employee director. If less than 12 months has passed, then the number of shares subject to the option granted after the annual meeting will be equal to 12,500 multiplied by a fraction, the numerator of which is the number of days that have elapsed since the last option grant to that director and the denominator of which is 365 days.

Each option will have an exercise price equal to the fair market value of our common stock on the date of grant. The options will have ten-year terms and will terminate three months after the date the director ceases to be a director or consultant or 12 months if the termination is due to death or disability. All options granted to non-employee directors who first became members of our Board of Directors after our initial public offering will vest over a one-year period at a rate of 1/12th of the total shares granted at the end of each full succeeding month, so long as the non-employee director continuously remains our director or consultant. All succeeding option grants to non-employee directors who were members of our Board of Directors prior to our initial public offering will vest as to 1/12th of the total shares granted at the end of each full succeeding month from the later of the date of grant or the date when all outstanding stock options and all outstanding shares issued upon exercise of any stock options granted to the non-employee director prior to the grant of such succeeding grant have fully vested. In the event of our dissolution or liquidation or a change in control transaction, options granted to our non-employee directors under the plan will become 100% vested and exercisable in full.

The following non-employee director was granted options to purchase shares of our common stock, with terms identical to those described above, in fiscal 2003:

- In July 2003, we granted Mr. Campbell an option under the 2002 Equity Incentive Plan to purchase 12,500 shares of our common stock at an exercise price of \$18.72 per share.

Members of our board of directors, who are employees of FormFactor, or any parent or subsidiary of FormFactor, may also be eligible to participate in our other employee benefit plans, including our 2002 Employee Stock Purchase Plan and our 401(k) Plan, and if applicable based on their position with FormFactor, or any parent or subsidiary of FormFactor, in our Key Management Bonus Plan and Sales Incentive Plan. See “Executive Compensation and Related Information” for more information regarding certain of these plans.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee has at any time since our incorporation been one of our officers or employees. None of our executive officers serves or in the past has served as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on our Board of Directors or our Compensation Committee.

Consideration of Director Nominees

Our Governance Committee identifies, evaluates and recommends for nomination by our Board of Directors individuals for election as directors of our Board. The committee generally identifies nominees based upon recommendations by our directors and management. In addition, our Governance Committee also considers recommendations properly submitted by our stockholders. The committee may retain recruiting professionals to assist in the identification and evaluation of candidates for director nominees. To date, we have not paid any third parties to assist us in this process.

In selecting nominees for our Board of Directors, the Governance Committee considers candidates based on the need to satisfy the applicable rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq National Market, including the requirements for independent directors and an audit committee financial expert. Our Governance Committee also evaluates candidates in accordance with its charter, assessing a number of factors, including the extent to which the candidate contributes to the range of talent, skill and expertise appropriate for our Board generally, and the candidate’s integrity, business acumen, understanding of our company’s business and industry, diversity, availability, the number of other boards on which the candidate serves, independence of thought, and overall ability to represent the interests of all stockholders of our company. The Governance Committee uses the same standards to evaluate nominees proposed by our directors, management and stockholders.

Stockholders can recommend qualified candidates for our Board of Directors by writing to our Corporate Secretary at FormFactor, Inc., 2140 Research Drive, Livermore, California 94550. When making recommendations, a stockholder should submit recommendations for individuals that meet at least the criteria outlined above. Such recommendations should be accompanied by the information required by our bylaws and Regulation 14A under the Securities Exchange Act of 1934, which includes evidence of the nominating stockholder’s ownership of FormFactor common stock, biographical information regarding the candidate, and the candidate’s written consent to serve as a director if elected. We require that any such recommendations for inclusion in our proxy materials for our 2005 Annual Meeting of Stockholders be made no later than December 24, 2004 to ensure adequate time for meaningful consideration by the committee. See “Proposals for 2005 Annual Meeting of Stockholders” for additional information regarding deadlines for submitting proposals. Properly submitted recommendations will be forwarded to our Governance Committee for review and consideration. The committee may consider in the future whether our company should adopt a more formal policy regarding stockholder nominations.

After evaluating Dr. Khandros and Dr. Davidow, our Governance Committee recommended to our Board of Directors in accordance with its charter, and our Board approved, the nomination of these current directors for election to our Board at our Annual Meeting.

Board Attendance at Annual Meetings

We encourage the members of our Board of Directors to attend our annual meeting of stockholders. We do not have a formal policy regarding attendance of annual meetings by the members of our Board. We may consider in the future whether our company should adopt a more formal policy regarding director attendance at annual meetings. We did not have an annual of meeting of stockholders in fiscal 2003.

We have also adopted a Statement of Financial Code of Ethics that applies to our chief executive officer, chief financial officer, chief accounting officer and the employees within our finance department. In addition, we have adopted a Statement of Policy Regarding Corporate Code Violations (Complaints and Concerns and WhistleBlowers) that is designed to ensure that all of our directors, officers and employees observe high standards of personal and business ethics consistent with the Code of Business Conduct and the Code of Ethics, and to provide a forum to which our directors, officers and employees may report violations or suspected violations of our codes of conduct without fear of harassment, retaliation or adverse employment consequence. These corporate statements are posted on our company website at <http://www.formfactor.com>. Please note that information on our company website is not incorporated by reference in this Proxy Statement.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The second proposal is to ratify the selection of PricewaterhouseCoopers LLP as FormFactor's independent auditor for the fiscal year ending December 25, 2004. The Audit Committee of our Board of Directors has appointed PricewaterhouseCoopers as the independent auditor to perform the audit of our financial statements for the fiscal year ending December 25, 2004, and our stockholders are being asked to ratify such selection. Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting, will have the opportunity to make a statement at the Annual Meeting if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by our stockholders of the selection of PricewaterhouseCoopers as our independent auditor is not required by applicable law, our certificate of incorporation, our bylaws or otherwise. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify this selection, our Audit Committee will reconsider

whether to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the selection of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

Our Board of Directors recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 25, 2004.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

AND RELATED STOCKHOLDER MATTERS

Beneficial Ownership of our Securities

The following table presents information regarding the beneficial ownership of our common stock as of December 27, 2003 for:

- each person or entity known by us to own beneficially more than 5% of our common stock;
- each of our current directors;
- each of our current executive officers; and
- all of our current directors and executive officers as a group.

The percentage of beneficial ownership for the following table is based on 36,808,906 shares of our common stock outstanding as of December 27, 2003. Beneficial ownership is determined under the rules and regulations of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes shares of common stock that the stockholder has a right to acquire within 60 days of December 27, 2003 through the exercise of any option, warrant or other right, and restricted shares of our common stock, which are subject to a lapsing right of repurchase at their initial purchase price, purchased by some of our officers who exercised immediately exercisable options. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules and regulations of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has exercised options or warrants into shares of our common stock.

To our knowledge, except under community property laws or as otherwise noted, the persons named in the table have sole voting and sole investment power with respect to all shares beneficially owned. Unless otherwise indicated, each director, officer and 5% stockholder listed below maintains a mailing address of c/o FormFactor, Inc., 2140 Research Drive, Livermore, California 94550.

of grant. The percentage of total options granted to employees in fiscal 2003 is based on options to purchase a total of 1,807,547 shares of our common stock granted in fiscal 2003.

Potential realizable values are calculated by:

- multiplying the number of shares of our common stock subject to a given option by \$19.00, the closing price per share of our common stock on December 26, 2003;
- assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rates shown in the table for the entire ten-year term of the option; and
- subtracting from that result the total option exercise price.

The 5% and 10% assumed annual rates of stock price appreciation are required by the rules of the Securities and Exchange Commission and do not represent our estimate or projection of future stock price growth. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock.

The option for 104,228 shares of our common stock granted to Dr. Khandros vests immediately upon grant, the option for 100,000 shares vests in 12 equal monthly increments beginning on April 15, 2006, and the option for 30,000 shares vests in 12 equal monthly increments beginning on April 15, 2007. The option for 16,903 shares of our common stock granted to Mr. Eldridge vests immediately upon grant, the option for 23,000 shares vests in 12 equal monthly increments beginning on November 21, 2006 and the option for 13,800 shares vests in 12 equal monthly increments beginning on November 21, 2007. The option for 34,500 shares of our common stock granted to Mr. Hatsukano vests in 12 equal monthly increments beginning on December 1, 2006, and the option for 10,350 shares vests in 12 equal monthly increments beginning on December 1, 2007. The option for 50,000 shares of our common stock granted to Mr. Meyerhoff vests with respect to 25% of the shares on May 15, 2004 and the remaining shares subject to the option vest in 36 equal monthly increments thereafter. The option for 82,852 shares vests immediately upon grant, the option for 42,500 shares vests in 12 equal monthly increments beginning on August 7, 2006, the option for 25,500 shares vests in 12 equal monthly increments beginning on August 7, 2007. The option for 20,000 shares of our common stock granted to Mr. Mathews vests in 48 equal monthly increments beginning on August 14, 2003, the option for 20,125 shares vests in 12 equal monthly increments beginning on August 14, 2006 and the option for 12,075 shares vests in 12 equal monthly increments beginning on August 14, 2007. These options provide that the option holder will receive credit for an additional 12 months of service when calculating the

number of shares of our common stock that vest after a change in control of FormFactor where the officer's employment is terminated without cause within 12 months following the change in control transaction.

Aggregate Option Exercises in Fiscal 2003

The following table presents information concerning the exercise of options during fiscal 2003 held by the executive officers named in the executive compensation table above, and the unexercised options held by them at December 27, 2003. The value realized represents the difference between the price at which the shares were sold less the aggregate exercise price paid. The value of the unexercised options that are in-the-money is calculated based on the difference between \$19.00, the closing price per share of our common stock on December 26, 2003, and the exercise price for the shares underlying the option, multiplied by the number of shares. The values of the unexercised options have not been, and may never be, realized.

Certain Employee Benefit Plans

Key Management Bonus Plan. Our Board of Directors has adopted a Key Management Bonus Plan, which provides awards to our chief executive officer, senior vice presidents, vice presidents and other employees based upon the percentage achievement of corporate objectives and personal objectives for these individuals. Bonus target percentages for these awards for each participant level are established for each fiscal year. Corporate objectives are also established for each fiscal year. In fiscal 2003, the corporate objectives are bookings, net sales and operating margin for our company. Personal objectives are determined by the participants in consultation with their immediate supervisors and these objectives are generally critical to the success of the participant in our company and relate to the overall business priorities of our company. For each participant, percentage participation rates are based upon the level of that individual's responsibility and the scope of that individual's work in our organization. This plan is administered by our Compensation Committee.

Sales Incentive Plan. Our Board of Directors has adopted a Sales Incentive Plan that provides incentive commissions to each member of our sales force who is a vice president, director, account manager or regional manager. These commissions are based upon bookings for the region in which the sales member participates and upon management objectives regarding our revenues, backlog and market share. The commissions of each participating member of our sales force are calculated based upon a percentage of that member's base salary with the commission allocated between the bookings targets and the management buy objectives. These incentive commissions are paid on a quarterly basis. This plan is administered by our Compensation Committee.

2002 Employee Stock Purchase Plan. Employees of FormFactor, or any parent or subsidiary of FormFactor, who own our common stock or hold options to purchase our common stock in an amount less than 5% of our total outstanding shares, including our executive officers, are eligible to participate in our 2002 Employee Stock Purchase Plan. The 2002 Employee Stock Purchase Plan is designed to enable eligible employees to purchase shares of our common stock at a discount on a periodic basis through payroll deductions of between 1% and 15% of their cash compensation. Each offering period under this plan is for two years and consists of four six-month purchase periods. The purchase price for shares of our common stock purchased under this plan is 85% of the lesser of the fair market value of our common stock on the first day of the applicable offering period or the last day of each purchase period. No participant is able to purchase shares

having a fair market value of more than \$25,000, determined as of the first day of the applicable offering period, for each calendar year in which the employee participates in this plan.

Change of Control, Severance and Indemnification Agreements

Under our Key Management Bonus Plan, if a change in control of our company occurs, all bonus awards will be deemed to have been earned at 100% of the bonus target percentage for the current plan year and will be paid to the participants at the time of the change in control of our company. This plan is administered by our Compensation Committee.

Our current stock option agreements under our stock option plans, including our 2002 Equity Incentive Plan, for our officers provide that the optionholder will receive credit for an additional 12 months of service when calculating the number of shares of our common stock that vest after a change in control of our company where the officer's employment is terminated without cause within 12 months following the change in control transaction.

We have entered into an agreement with Mr. Hatsukano, our Senior Vice President of Asia-Pacific Operations and the President of FormFactor K.K., that provides that if his employment is terminated, he will receive a severance payment equal to one month's base salary for each year of service with us with service for partial years to be prorated. If Mr. Hatsukano's employment is terminated for reasons other than cause, he will receive an additional lump sum payment equal to one month's base salary.

We have entered into indemnification agreements with each of our current directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to our company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

REPORT OF THE COMPENSATION COMMITTEE

The information contained in this Report of the Compensation Committee shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any filing, except to the extent that FormFactor specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Composition. The Compensation Committee of the Board of Directors of FormFactor is composed of the three directors named below. Each member of the Compensation Committee is independent within the meaning of the rules of the Nasdaq National Market, a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code.

Responsibilities. The Compensation Committee operates under a written charter that has been adopted by FormFactor's Board of Directors and by the Compensation Committee. The charter, included as Appendix B to this Proxy Statement, is reviewed annually. The Compensation Committee determines the salaries, bonuses and other compensation of the company's executive officers.

Compensation Philosophy and Objectives. The Compensation Committee believes that the compensation programs for the executive officers of FormFactor should be designed to attract, motivate, reward and retain talented executives, which are critical to the success of the company; and, that such compensation programs should relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive. Within this overall philosophy, the committee's objectives are to:

- offer a total compensation package that is designed primarily to be competitive with total compensation packages in effect at technology companies in the San Francisco Bay Area that are of comparable size

to FormFactor, engage in similar or complementary industries, and with which FormFactor competes for executive personnel;

- provide annual incentive awards, such as bonuses, payable in cash and/or stock-based incentive awards, that take into account FormFactor's overall financial performance in terms of designated corporate objectives, as well as individual contributions; and
- align the interests of FormFactor's executive officers with those of the company's stockholders by providing significant equity-based, long-term incentive awards.

Executive Compensation

Base Salary. Salaries for executive officers for the fiscal year ended December 27, 2003 were generally determined on an individual basis by evaluating each executive officer's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies.

Annual Incentive Awards. In the past, FormFactor has included performance-based bonuses, payable in cash and/or stock-based incentive awards, as part of each executive officer's annual compensation plan. Annual performance-based bonuses are based on mutually agreed upon goals and objectives. This practice is expected to continue and each executive officer's annual performance will be measured by the achievement of established goals and objectives.

Long-Term Incentive Awards. The Compensation Committee believes that equity-based compensation in the form of stock options links the interests of FormFactor's executive officers with the long-term interests of the company's stockholders and encourages the company's executive officers to continue to work for FormFactor. Stock options generally have value for executive officers only if the price of common stock increases above the fair market value on the grant date and the officer continues in the employment of the company for the period required for the shares to vest.

The Compensation Committee grants stock options to its executive officers in accordance with the 2002 Equity Incentive Plan. In the fiscal year ended December 27, 2003, stock options were granted to certain executive officers to aid in their retention and to align their interests with those of the company's stockholders under our 2002 Equity Incentive Plan and, prior to our initial public offering, under our Management Incentive Option Plan. Stock options have been granted to executive officers when the officer first joins the company, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. The Compensation Committee may, however, grant additional stock options to executives for other reasons. The number of shares subject to each stock option granted is within the discretion of the Compensation Committee and for each officer, it is primarily based on the officer's anticipated future contribution and ability to impact the results, past performance and consistency within the officer's peer group. In the fiscal year ended December 27, 2003, the Compensation Committee considered these and other factors, including the number of stock options held by executive officers as of the date of the grant that remained unvested. The vesting for stock options, including options granted in fiscal 2003 to executive officers, are designed to further ensure the retention of the company's officers. The stock options are granted at a price that is equal to the fair market value of FormFactor's common stock on the date of grant.

Chief Executive Officer Compensation

The base salary, annual incentive awards and long-term incentive awards of Dr. Igor Y. Khandros, the chief executive officer and president of FormFactor, for the fiscal year ended December 27, 2003 as described in this Proxy Statement under the heading "Executive Compensation and Related Information" were determined by the Compensation Committee in a manner consistent with the factors described above for all of the company's executive officers. For fiscal 2004, the Compensation Committee will evaluate the compensation of FormFactor's chief executive officer consistent with the factors described above for all executive officers.

Internal Revenue Code Section 162(m) Limitation

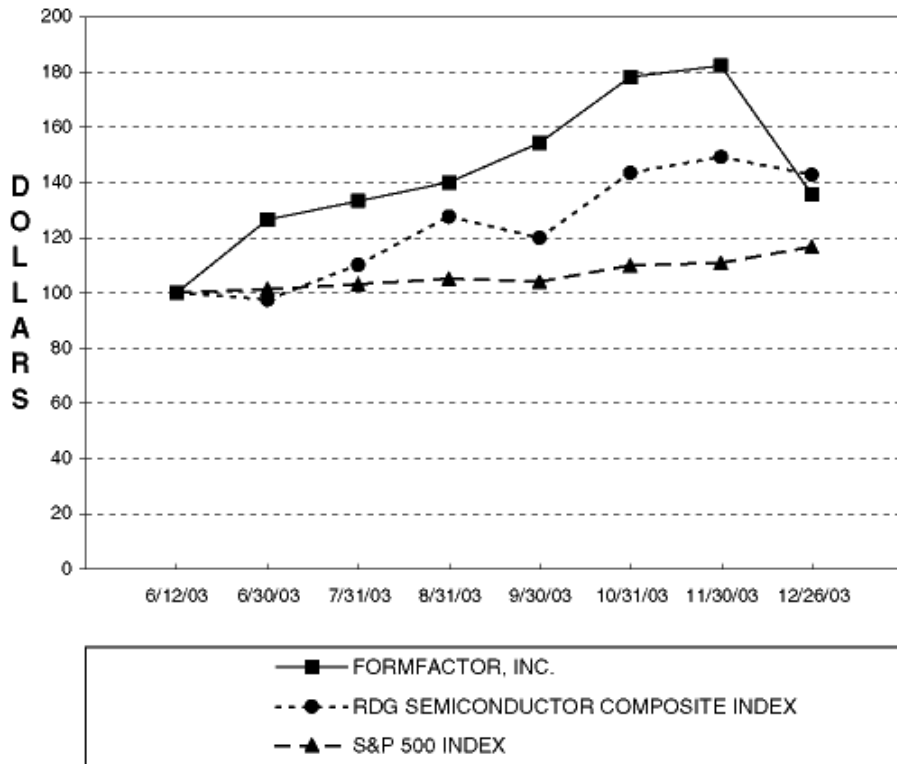

Section 162(m) of the Internal Revenue Code limits the tax deduction of a publicly held company in any taxable year to \$1.0 million for compensation paid to the chief executive officer and the four other most highly compensated executive officers. Having considered the requirements of Section 162(m), the Compensation Committee believes that grants made pursuant to the 2002 Equity Incentive Plan and the Management Incentive Option Plan meet the requirements that such grants be “performance based” and are, therefore, exempt from the limitations on deductibility. Historically, the combined salary and bonus of each executive officer has been below the \$1.0 million limit. The Compensation Committee’s present intention is to comply with Section 162(m), although the committee may award compensation that does not comply with Section 162(m) depending upon the specific circumstances if in the best interests of FormFactor and its stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than the compensation arrangements that are described above in "Director Compensation," the option grants and exercises, stock purchases and other arrangements that are described in "Executive Compensation and Related Information," and the transactions described below, since December 28, 2002, we have not been a party to, and we have no plans to be a party to, any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$60,000 and in which any current director, executive officer, holder of more than 5% of our common stock or entities affiliated with them had or will have an interest.

Registration Rights

Certain of our common stockholders, who own shares of our common stock that were issued upon the automatic conversion of their preferred stock upon the closing of our initial public offering, have registration rights under various agreements to which we are a party. These stockholders include Dr. Igor Y. Khandros, who is our president, chief executive officer and director, Dr. Khandros' spouse, Benjamin N. Eldridge, who is our senior vice president of development and chief technical officer, entities affiliated with Mohr, Davidow Ventures, for which our director, Dr. William H. Davidow, is a general partner, and Institutional Venture Partners, both of which beneficially own more than 5% of our common stock as of December 27, 2003.

We conducted a follow-on public offering in November 2003 in which certain of our stockholders, including entities affiliated with Mohr, Davidow Ventures and Morgan Stanley Venture Partners, which beneficially owned more than 5% of our common stock at such time, and all of our executive officers, sold shares of common stock beneficially owned by them. We filed a registration statement with the Securities and Exchange Commission to register the shares that we sold and that certain of our stockholders sold in the follow-on public offering.

Loans to Executive Officers and Director

In June 2003, the following executive officers and director repaid in full the outstanding principal of and unpaid accrued interest on the full recourse promissory notes described in the table below, which notes evidenced loans from our company in connection with exercises of options to purchase our common stock. The promissory notes were issued on the loan dates set forth below, had six-year terms and accrued interest at the annual rate set forth below, compounded semi-annually. Each note was secured by the shares purchased with that note.

In June 2003, Mr. Merkadeau, our Senior Vice President, General Counsel and Secretary, repaid in full the outstanding principal of and unpaid accrued interest on a loan to him from our company. On February 1, 2001, we loaned \$150,000 to Mr. Merkadeau under a loan agreement. This loan was evidenced by a full recourse promissory note with an interest rate of 5.01% per year, compounded semi-annually. This loan was

secured by up to 125,000 shares of our common stock that were issuable to Mr. Merkadeau under a stock option agreement.

Business Relationships

In connection with the purchase by Intel Corporation of our preferred stock in August 1997, we provided to Intel registration rights with respect to their shares of our common stock that were issued upon the automatic conversion of their preferred stock in connection with our initial public offering under an investors' rights agreement. We have entered into agreements with Intel under which we sell to them our wafer probe cards and related services. The agreements do not obligate Intel to purchase our products. We sell products based on Intel purchase orders and the terms of the agreements. Under these agreements, we price our products and services to Intel at the lowest price that is charged to any of our other customers for the same products and services. We received \$31.1 million in the year ended December 27, 2003 from sales of our wafer probe cards and related installation, training and support services to Intel.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our common stock to file reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. These persons are required by the rules and regulations of the Securities and Exchange Commission to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of these forms furnished to us and written representations from our executive officers and directors, we believe that all Section 16(a) filing requirements for the year ended December 27, 2003 were met, except that each of Messrs. Khandros, Eldridge, Hatsukano, Mathews, Merkadeau, Meyerhoff and Ludwig, who are executive officers of our company, did not timely file a Form 4 for stock options granted to them by the Compensation Committee in August 2003, and each of Messrs. Eldridge, Hatsukano, Ludwig

and Merkadeau did not timely file a Form 4 for the acquisition of shares of our common stock in the directed share program conducted in connection with our initial public offering. These executive officers have filed Forms 4 with the Securities and Exchange Commission to reflect these transactions.
